Annual Fire Safety and Security Report 2015
To: University Community

From: R. Bowen Loftin, Chancellor

It is up to each one of us to help foster a secure and supportive environment at the University of Missouri - an environment where individuals can feel safe to visit, learn, work and live. Primary to this goal are the principles of responsibility and respect. These values are essential to any community, and serve as the foundation for the success and productivity of our students, faculty and staff. Safety on campus is one of the highest concerns.

A truly safe campus can only be achieved through the cooperation of everyone. This publication contains information about campus safety measures and reports statistics about crime in our University community. It also describes our efforts to combat alcohol and drug abuse.

Please take the time to read it and help foster a more caring and safe environment.

R. Bowen Loftin, Chancellor
To: University Community

From: R. Douglas Schwandt, Chief of Police

On behalf of the members of the University Police Department, I want to thank you for your interest in our annual Fire Safety and Security Report. We publish this report because it contains valuable information for our campus community. We also publish the report to comply with the important provisions of the Clery Act. Campus safety and security and compliance with the Clery Act should be a part of everyone’s responsibility at the University of Missouri. We encourage you to review the information we have made available to you in this brochure. You will find information about our organization including descriptions of certain services that we provide. You will also become familiar with our strong commitment to victims of crimes and the specific extensive services we make available to crime victims. Lastly, you will find important information about security policies and procedures on our campus, crime data, and crime prevention information. We join President Wolfe in the commitment to foster a secure and supportive environment at the University of Missouri. We are proud to be an integral part of the University of Missouri’s tradition of excellence. Campus safety and security is a collaborative effort at MU. We partner with the many Departments at the University that have a critical role in fostering campus safety, including the Division of Student Affairs, Title IX Office, and other University offices. It has always been our goal to provide the highest quality of public safety services to the University community and we are honored to collaborate with the entire University community. The men and women of the University Police Department are committed to making the University of Missouri campus a safe place in which to live, work, and study.

R. Douglas Schwandt, Chief of Police
Statement of Nondiscrimination

The University of Missouri does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, genetic information, disability, or status as a protected veteran. The University’s nondiscrimination policy applies to all phases of its employment process, its admission and financial aid programs, and to all other aspects of its educational programs and activities. Further, this policy applies to sexual violence and sexual harassment (forms of sex discrimination) occurring both within and outside of the University context if the conduct negatively affects the individual’s educational or work experience or the overall campus environment. Retaliation directed to any person who pursues a discrimination complaint or grievance, participates in a discrimination investigation, or otherwise opposes unlawful discrimination is prohibited.

Any person having inquiries concerning the University of Missouri’s application of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972*, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 or other civil rights laws should contact one of the following:

U.S. Department of Education

*Title IX* prohibits sex discrimination, including sexual harassment and sexual violence, in all educational programs and activities. For more information please visit our [Title IX Office website](#).

Equal Opportunity/Affirmative Action

Equal Opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, sexual orientation, gender identity, gender expression, age, genetic information, disability or protected veteran status.

This policy shall not be interpreted in such a manner as to violate the legal rights of religious organizations or the recruiting rights of military organizations associated with the Armed Forces or the Department of Homeland Security of the United States of America.

On the MU campus, two administrators have been appointed as affirmative action officers. Their responsibilities will include designing and implementing an audit and review system that will (a) measure the effectiveness of the affirmative action program, (b) indicate any need for remedial action, (c) determine the degree to which objectives have been attained, (d) determine whether individuals with known disabilities have had the opportunity to participate in all MU-sponsored educational, training, recreational, and social activities, and (e) measure MU’s compliance with the affirmative
action program's specific objectives. Where the affirmative action is found to be deficient, MU will undertake necessary steps to bring the program into compliance.

Those affirmative action officers are:

**Title IX Office Annual Report** – The MU Title IX Office published its first annual report. The report aims to educate the community about sex discrimination on campus so that students, faculty, and staff can be better informed and help prevent incidents from occurring in the first place. The report also describes the grievance process that is used when complaints of sex discrimination are brought to the Title IX Office.

Association of American Universities Sexual Assault and Sexual Misconduct Climate Survey – In April 2015, the MU campus participated in a climate survey along with 26 other colleges and universities. The results were released in September 2015 and will help inform prevention and education efforts in the future.
ANNUAL SECURITY REPORT

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The University Police prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act using information maintained by the University Police, information provided by other University offices such as Student Affairs, Residential Life, and other Campus Security Authorities and information provided by local law enforcement agencies surrounding the main campus. Each of these offices provides updated policy information and crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased or controlled by the University of Missouri. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

The University distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting Major Scott Richardson at (573) 884-0154 or by visiting http://mupolice.missouri.edu/Clery_Report/2015.pdf

REPORTING CRIMES AND OTHER EMERGENCIES

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire University community that you immediately report all incidents to the University Police at (573) 882-7201 to ensure an effective investigation
and appropriate follow-up actions, including issuing a Crime Alert or emergency notification.

**Voluntary, Confidential and Anonymous Reporting**

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage University community member to report crimes promptly and to participate in and support crime prevention efforts. The University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the University or criminal justice system, we ask that you consider reporting the crime anonymously. If you are interested in reporting a crime anonymously, you can utilize the University Police’s Silent Witness program at the following web site: [http://vco.missouri.edu/mupdreport/silent_w/](http://vco.missouri.edu/mupdreport/silent_w/). We do not attempt to trace the origin of the person who submits this form, unless such is deemed necessary for public safety. Persons may also report crimes through Crime Stoppers at 1-(573) 875-TIPS (8477) or via the web site at [http://www.875tips.com/](http://www.875tips.com/)

If you would like to report a sex offense and wish to remain anonymous, please visit the Title IX Office web site at:

[https://missouri.qualtrics.com/jfe/form/SV_2rwo4a53bJtHhk1](https://missouri.qualtrics.com/jfe/form/SV_2rwo4a53bJtHhk1)

Anyone may call the University Police at 573-882-7201 to report concerning information. Callers may remain anonymous.

**Reporting to University Police**

We encourage all members of the University community to report all crimes and other emergencies to University Police in a timely manner. University Police have a dispatch center that is available by phone at (572) 882-7201 or in person twenty-four hours a day
at 901 Virginia Ave. Columbia, MO 65211. Though there are many resources available, University Police should be notified of any crime, whether or not an investigation continues, to assure the University can assess any and all security concerns and inform the community if there is a significant threat to the University community.

**Emergency Phones**

The University has installed more than 217 emergency phones throughout the University campus. Phones are located in public areas of buildings including parking garages, elevators, residence hall complexes, administration buildings, and also numerous outdoor locations. Emergency phones provide direct voice communications to the University Police Communications Center.

**Reporting to Other Campus Security Authorities**

While the University prefers that community members promptly report all crimes and other emergencies directly to the University Police at (573) 882-7201 or 911, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities (CSA).” The Act defines these individuals as “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While the University has identified several CSA’s at the University, we officially designate the following offices as places where campus community members should report crimes:
According the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by the University of Missouri to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, the University encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

About the University of Missouri Police Department

Role, Authority, and Training
The University Police protects and serves the MU community 24 hours a day, 365 days a year. The Department is responsible for a number of campus safety and security programs including Emergency Management, Community Safety and Security Education, physical security, including security technology, behavioral threat assessment, and special event management.

The Department is comprised of:

- 40 Police Officers
- 8 Security Officers
- 8 Police Communications Operators

The police officers at the University of Missouri:

- Complete a training course required of all police officers in the State of Missouri;
- Receive specialized training to include crime prevention, fingerprint technology, evidence technology, and weapons and tactics;
- University Police officers are commissioned under Missouri State Statues 172.350 & 172.355 and have the same authority as police officers in Missouri, being authorized to carry firearms and empowered to make arrests. All criminal incidents are investigated by the University Police on the MU campus. All crimes that occur on campus or University property shall be reported to University Police. All University police officers also hold City of Columbia police commissions under Municipal Code Sec. 21-18.1 and are also duly sworn deputies of the Boone County Sheriff’s Department.

University Police Mission Statement: “The University of Missouri Police Department will strive to ensure a peaceful quality of life, establish partnership with the community and support a safe learning environment”
Safety, Our Number One Priority

The University takes great pride in the community and offers students, faculty and staff many advantages. This community is a great place to live, learn, work and study, however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, MU has taken progressive measures to create and maintain a reasonably safe environment on campus.

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The University Police maintains a cooperative relationship with the Missouri State Highway Patrol, Columbia Police Department, Boone County Sheriff’s Department and other surrounding police agencies. This includes interoperative radio capability, training programs, special events coordination, and investigation of serious incidents.

The University of Missouri Police Department participates in Mutual Aid Agreements that authorizes police officers and supervisors of the participating agencies to request mutual aid for incidents based upon a reasonable belief that such aid will enhance the public’s and/or officer safety and efficiency. Agencies participating in these Agreements include the Columbia Police Department, Boone County Sheriff’s Department, and the Missouri State Highway Patrol. These agreements also allows for joint training and cooperation on other matters, such as pre-planned large-scale special events, amongst the participating agencies.

Crimes Involving Student Organizations at Off-Campus Locations

The University of Missouri relies on its close working relationships with local law enforcement agencies to receive information about incidents involving University of Missouri students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, the University Police will actively investigate certain crimes occurring on or near campus. If the University Police learns of criminal activity involving students or student organizations, it will coordinate with the
appropriate external law enforcement agency to forward information about the situation
to the Office of Student Conduct, as appropriate.

The University encourages all recognized student organizations to abide by federal, state,
and local laws, and University regulations. The University will generally be limited to
conduct which occurs on the University of Missouri premises or at University-sponsored
or University-supervised functions. However, the University may take appropriate
action, including, but not limited to the imposition of sanctions under
Sections 200.020 and 200.025 of the Collected Rules and Regulations against students for
conduct occurring in other settings, including off campus, in order to protect the physical
safety of students, faculty, staff, and visitors or if there are effects of the conduct that
interfere with or limit students’ ability to participate in or benefit from the University’s
educational programs and activities.

**TIMELY WARNING REPORTS – CLERY ALERTS**

The MU Police Department provides timely warnings about reported crimes to the
campus community (Faculty, Staff, and Students), in a manner that will aid in the
prevention of similar crimes if it is determined that a serious or continuing threat exists.
Departmental supervisors review all reports taken by the department and/or
information provided to the department by Campus Security Authorities or Local
Police Authorities in a timely manner to determine any offenses that are subject to
disclosure in the Annual Campus Security Report and represent a serious or continuing
threat to faculty, staff, and students of the campus community. If it is determined that
there is a serious or continuing threat, the supervisor, or their designee shall notify the
public information officer, or their designee who will send out a media release, mass e-
mail, and/or do a web posting of the incident to help prevent similar crimes from
happening.
Upon occurrence of an emergency, the Communications and Warning Coordinator will provide immediate notice to appropriate segments of the campus community upon confirmation of a significant emergency, unless such notice would compromise efforts to contain the emergency. The MU Chief of Police is designated as the Communications and Warning Coordinator in the event of an emergency. This person is responsible for disseminating emergency information to the campus community. Notifications may occur through use of the University’s mass notification service, through the local media, or through other communication channels as appropriate for the emergency. The University’s mass notification service allows for notification through multiple means, including cell phone, email addresses, text messaging, numeric pager, and alphanumeric pager.

**EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

The Office of Emergency Management is responsible for the Emergency Management Plan (EMP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education that includes planning, mitigation, response, and recovery actions.

Our priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency
- Coordination with university departments to write, maintain, test, and exercise the CEMP
- Cooperation, Integration, and Mutual Aid with local, state and federal planning, response, and public safety agencies and their CEMPs.
A summary of the University’s emergency response procedures is located at http://mualert.missouri.edu/index.php. Included at this web page is detailed information regarding the University’s emergency notification policy, including how to enroll in the emergency notification system to ensure you receive emergency notices on email, University and cellular telephones. **Drills, Exercises and Training**

Annually, the University conducts an emergency management exercise to test emergency procedures. The scenarios for these exercises change from year-to-year, and include several departments from across the campus and other agencies and organizations that would support the university in the event of an emergency or disaster.

To ensure the University’s emergency management plans remain current and actionable, the University will conduct an emergency management exercise, at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. The University conducts after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the University will notify the community of the exercise and remind the community of the information included in the University’s publicly available information regarding emergency response procedures at http://mualert.missouri.edu/index.php  

**Emergency Notification**

The University is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. The University uses a tiered emergency notification system that uses Black Board Connect 5, Alertus Beacons and desktop notification. The MU Alert is an emergency notification system available to students, faculty and staff, and anyone in the University community who wants to subscribe.  

MU
Alert can be used to send emergency messages within minutes of the occurrence of an incident. Alerts sent by the MU Alert system are simulcast to the University community via our MU Alert web page at http://mualert.missouri.edu/index.php, the University’s Facebook page, Twitter, e-mail accounts and cell phone text.

The University performs a University-wide bi-annual tests of the system during the fall and spring semesters. During 2014 a test of the emergency notification happened on March 4th and September 26th 2014. The following procedures outline the process the University uses when issuing emergency notifications.

**Procedures Used to Notify the Campus Community**

In the event of a situation that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all or a segment of campus community. These methods of communication include the mass notification system MU Alert, the University’s e-mail system, and ALERTUS beacons within a building and public address system on police cars. The University will post updates during a critical incident on the MU Alert homepage. If the situation warrants, the University will establish a telephone call-in center to communicate with the University community during an emergency situation.

**Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System**

The University of Missouri Police Department (MUPD) and/or other campus first responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the Police Dispatch Recorder or upon discovery during patrol or other assignments.
Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders with notify supervisors in the MUPD or other authorized University office to issue an emergency notification.

The University’s authorized representatives will immediately initiate all or some portions of the University’s emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the University may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, the University will issue the emergency notification to the campus community.

**Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification**

University and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the University community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the University mass notification system, the University will also post applicable messages about the dangerous condition on the MU Alert homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, University officials will distribute the notification to the entire campus community.
Determining the Contents of the Emergency Notification

The office responsible for issuing the emergency notification (usually the senior supervisor) will, in concert with University and local first responders, determine the contents of the notification. The University has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident. In those cases where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

Procedures for Disseminating Emergency Information to the Greater Community

If there is an emergency condition on university property that may endanger the surrounding community MUPD dispatch will notify local city and county departments by radio and telephone and inform them of the current situation and actions be undertaken by the university.

Enrolling in the University’s Emergency Notification System

We encourage members of the campus community to enroll in the MU Alert system by visiting http://mualert.missouri.edu/index.php. We encourage University community members to regularly update their information at the same site.

SECURITY OF and ACCESS TO UNIVERSITY FACILITIES

Non-residential Buildings

Most non-residential campus buildings and facilities are accessible to members of the campus community and guests and visitors during normal hours of business, Monday - Friday, and for limited designated hours on Saturday and Sunday. Access times will vary depending upon the nature of the building and activity. Except for those students, faculty
and staff with keys or appropriately authorized access cards, access is generally restricted to University-affiliated personnel during recognized holidays. It is the policy of the University of Missouri that after normal working hours, all buildings should be locked to maintain security of the buildings and their contents. Faculty, students and staff members may be issued keys to University buildings upon recommendation of the department chairman or administrative head, in accordance with established procedures. Keys are issued for entry to University buildings for conducting University business only.

**Special Considerations for Residence Hall Access**

All University residence halls have a 24-hour security program that includes many security measures.

- Exterior residence hall doors, except those that lead past desks, are locked at all times. Students may enter locked doors of their hall using their ID card.
- The exterior doors that lead past desks lock electronically when the desk closes (typically 11:00 PM) and the hall is then closed to the public.
- Security devices are installed on ground floor windows and room doors have dead bolt locks and door viewers.

Residents can protect themselves and their property by responsible decisions. Unescorted persons should not be given access to residence halls after hours; residents can access their own halls after hours by "swiping" their student id card through the card reader. Doors should not be propped open at any time. The names and telephone numbers and locations of on-call student staff are posted inside and on main exterior entrances of the residence halls; each resident should locate this information in advance of an emergency. Wallet cards with on-call contact information are available from the residence hall information desk. Keeping every room door locked at all times will deter crime, as almost every theft in a residence hall is a result of an unsecured room or
unattended belongings. Every security measure taken by the residence hall staff depends on the responsible actions of each resident for its effectiveness.

Other tips for your security include:

- Ask strangers to wait in common areas while their friends are summoned.
- Lock your room door and windows when you leave, even if only for a minute, and take your keys with you.
- Keep small valuable items out of sight, in a closed drawer, or another safe place.
- Politely offer assistance to persons in your building or residence you do not recognize. If they have legitimate business, they will appreciate your help. If they do not, ask them to leave.
- Keep your room locked when you are out during move-in and move-out. Do not leave your car unlocked when loading or unloading.
- Do not leave coats, books, electronics or other valuable items in common areas. Keep them in your room.
- If you hear or see something suspicious, call the police immediately. Dial 911 for an emergency, or 882-7201 if it is a non-emergency.

**Security Considerations for the Maintenance of Campus Facilities**

MU is committed to campus safety and security. At MU, locks, landscaping and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Maps showing the best lit and most traveled routes across campus are available through [Campus Facilities Department of Space Planning & Management](http://map.missouri.edu/) website at [http://map.missouri.edu/](http://map.missouri.edu/). Representatives from MU Police and Missouri Students Association, conduct a survey of
University property at least once a year to evaluate campus lighting on sidewalks and parking lots.

Security Officers employed by the Police Department assist in locking exterior doors on campus buildings each evening and monitor automatic locking doors. These security officers also report door and security hardware operating deficiencies to MU campus facilities for repairs.

We encourage community members to promptly report any security concern, including concerns about locking mechanism, lighting, or landscaping to University Police.
MU’s RESPONSE TO SEXUAL AND GENDER VIOLENCE

Please see the web links at the end of this report for the University of Missouri Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education/Employment Policy Statement which complies with the requirements of the Campus SaVE Act. The University prohibits all forms of sex discrimination and prohibits retaliation against anyone who makes or supports a report of sex discrimination. This includes sexual misconduct, sexual exploitation, intimate partner violence, stalking, and sexual harassment.

Personal Safety

One of the more serious crimes that too often is unreported is Sexual Assault. It is important to know what these crimes are, because in many cases, victims do not realize that have been victimized. Additionally, crimes of this nature are very difficult for victims to report for a number of very complex reasons. We provide the following information to assist those help who may have been victims of sexual assault or who have a friend who has been sexually assaulted.

There are many guidelines to help you be more alert and aware of the situation to prevent such serious crimes. Such as:

Know your surroundings
- Be alert
- Call for help
- Report any suspicious people and/or activity, immediately

Defining Rape and Sexual Assault

In Missouri rape is defined as: Missouri Revised Statutes 566.030. A person commits the offense of rape in the first degree if he or she has sexual intercourse with another person who is incapacitated, incapable of consent, or lacks the capacity to consent, or by the use
of forcible compulsion. Forcible compulsion includes the use of a substance administered without a victim's knowledge or consent which renders the victim physically or mentally impaired so as to be incapable of making an informed consent to sexual intercourse.

In Missouri Sexual Assault is defined under Missouri Revised Statutes 566.031. A person commits the offense of rape in the second degree if he or she has sexual intercourse with another person knowing that he or she does so without that person's consent.

While these definitions are clear, victims often have difficulty reporting a sexual assault for numerous reasons such as knowing the perpetrator, fear of retaliation, fear of parents knowing about the incident, fear of getting in trouble with law enforcement. Despite these concerns, it is vital to report such incidents in order to get help.

The following information provides steps to follow should a sexual assault occur:

- Get to a safe place as soon as possible! If you are in immediate danger, call 911!
- Try to preserve all physical evidence – If possible, the victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until s(he) has a medical exam. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department. Advocates from the Relationship and Sexual Violence Prevention (RSVP) Center or True North can be available to the victim to provide support. More resources for victims can be located at this web site: http://rsvp.missouri.edu/get-help/campus-resources/
- Get medical attention as soon as possible – The University Hospital Emergency Department has specially trained Sexual Assault Nurse Examiners (SANE) who conduct exams. SANE nurses have special training helping survivors of violence. The exam occurs in a private room away from the emergency department. For more information contact 573-882-8091. An exam may reveal the presence of physical injury of which the victim is unaware. Following a sexual assault,
antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraceptive pills are offered to all victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for 6-8 hours after ingestion.

- Contact the police – Sexual assault is a crime, it is vital to report it. It is important to remember reporting a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. Final decision to prosecute is determined by the Prosecuting Attorney.

- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand his/her feelings and begin the process of recovery. You may contact MU Counseling Center, Behavioral Health at Student Health, RSVP Center, and True North for counselling assistance.

Our Commitment to Addressing Sexual Assault/Rape

Sex discrimination is prohibited by University policy and law in educational programs, activities and employment. Title IX is a federal law that applies to all students, employees, volunteers and visitors at the University and prohibits sexual harassment, sexual misconduct, and any other forms of sex discrimination as defined in Section 600.020c of the Collected Rules and Regulations (please refer to CRR600.020 Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education/Employment Policy). Please visit the MU Title IX Office web site (http://title9.missouri.edu/reporting/) to review procedures, policies, protocols, and assistance for reporting and addressing allegations of sexual misconduct.
University Procedures for Responding to Reports of Sexual Assault

If the university knows, or reasonably should know, about possible sex discrimination (including sexual assault) of a student or employee, the Title IX Office promptly responds.

Students, employees, volunteers and visitors of the university who have experienced any form of sex discrimination, including sexual harassment or sexual misconduct, are encouraged to report the incident promptly to the Title IX Coordinator. The Title IX Coordinator will provide complainants with written statement about existing counseling, health, mental health victim advocacy and other resources available as well as a statement of the victim’s rights and the institution’s responsibilities. However, university policy does not require individuals to report their own victimization. Anonymous reports are accepted on the Title IX Office website. Additionally, should an individual wish, confidential reporting resources are available including the Relationship and Sexual Violence Prevention (RSVP) Center, the Counseling Center, and Student Health.

Any employee of the University who becomes aware of sex discrimination including sexual harassment, sexual misconduct, stalking on the basis of sex, dating/intimate partner violence or sexual exploitation is a Mandated Reporter, regardless of whether the recipient of the behavior is a student, employee, volunteer or visitor of the University. Exception: Employees with a legal obligation or privilege of confidentiality (including health care providers, counselors, lawyers, and their associated staff) are not considered Mandated Reporters and are not required to report when the information is learned in the course of a confidential communication.

Once a report is submitted, and depending on the detail of the information provided, the institution will take reasonable steps to investigate the matter, stop the harassment and prevent its recurrence and remedy its effects. Visit
http://title9.missouri.edu/reporting/how-to-report.php to learn more about the University’s procedures for responding to reports of sex discrimination.

Privacy of the parties is a top priority to the University. However, sometimes, limited information must be disclosed to fully investigate a report. The University will weigh the impacted party’s request for confidentiality in determining whether or how to proceed with an investigation. In some instances, to protect the safety of the Mizzou community, an investigation may still go forward even if the impacted party refuses to participate with the investigation. The University will complete all publicly available recording keeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information.

If you or someone you know is a victim of sexual assault, you/they have several rights, including the right to report the incident to the University Police or local authorities. The University Title IX Administrator will assist victims in notifying the local police if desired. Filing a police report does not mean the complainant must pursue criminal charges. The complainant maintains his or her rights throughout the process. The Title IX Administrator will provide complainants written notification of their rights, which can be found at http://title9.missouri.edu/rights-responsibilities/.

In addition to the campus services listed below, there are also several community service organizations that can provide counseling, mental health, and other related services to sexual assault victims. The Title IX Office or the Relationship and Sexual Violence Prevention (RSVP) Center can assist with connecting victims to these services.

Assistance with Living Conditions

If a victim of a sexual assault or relationship violence incident requests a change in her or his living arrangements or academic schedule, the Title IX Office or the Relationship and Sexual Violence Prevention (RSVP) Center in consultation with Residential Life, and other offices at the University, will assist the individual with making these changes, as long as they are reasonably available.

University Disciplinary Procedures in Sexual Assault Incidents

If you have been sexually assaulted, you have options for addressing such conduct. You can make a report to the police department or you can contact the Title IX office. Some people choose to first discuss these issues privately with a counselor or an adviser in the Relationship and Sexual Violence Prevention (RSVP) Center, Counseling Services, or another confidential counselor. The University Police are always available to assist a victim with getting the support she/he requests.
The University’s student conduct process, which is called the Equity Resolution Process, is designed to afford the complainant (the person who is bringing a charge) and the accused (the person who is answering a charge) a fair, prompt, and appropriate resolution process. The process is designed to help persons who need support as they address these incidents.

The Title IX Office manages the equity resolution process in which a student or student organization is the accused. The Title IX Office coordinates with the Equity Office, Human Resources, and the Provost’s Office when an employee is the accused. To review the equity resolution processes for student or student organization as accused, faculty as accused or staff as accused, visit www.umsystem.edu/ums/hr/titleix/erp.

In determining whether the alleged conduct constitutes sexual harassment or assault, the full context in which the alleged incident occurred must be considered. In any case, both the complainant and the accused are entitled to the same opportunities to have others present during the equity resolution process. Both the complainant and the accused will be informed of the outcome of any proceeding.

During any equity resolution process, the University has a range of sanctions available. Those sanctions may range from probation to expulsion from the University, depending upon the nature and circumstances of the specific incident.

**Sexual Assault Prevention Education Programs**

The University of Missouri Title IX Administrator and the Relationship and Sexual Violence Prevention Center are primarily responsible for sexual assault education and awareness in collaboration with many offices at the University. Together, these offices offer a variety of programming focusing on sexual and gender violence. Below is a list of some of the programs available at the University.

- Rape Aggression Defense System (RAD) –A free course to all females 11 years old and up offered in collaboration with University Police
- The RSVP Center Peer Educators – a peer education program composed of students who are dedicated to ending relationship and sexual violence on our campus and in our community. [Click here to learn more about RSVP Educators.]

- IFC Peer Educators – a peer education program composed of fraternity members who learn how to educate other fraternity members about power-based personal violence and how to stop it.

- SHAPE: Sexual Health Advocates Peer Education – a peer education program focused on healthy sexual relationships, boundaries, and communication.

- RSVP Center Programming – the RSVP Center offers students, faculty, and staff a menu of panels and presentations that can be tailored to particular student organizations, groups, classes, or audiences. Some of these programs are offered along with the Title IX Office.

- PHA/Title IX/RSVP Center Programming – The Title IX Office and the RSVP Center are working with the sorority women of PHA to create workshops and programming tailored to various groups including recruitment leaders, new members and executive boards.

  Short description: This course is designed to inform employees about their duty to report sexual abuse, sexual misconduct and other behaviors that fall under Title IX. It comprehensively covers reporting of sex and gender discrimination incidents including sexual harassment, sexual assault, bullying, stalking and related behaviors. In addition, it addresses the reporting of crimes and crime statistics for Clery Act compliance when those crimes intersect with Title IX and Title VII (as in the case of sexual assault).
- Preventing Employment Discrimination --
  http://www.umsystem.edu/ums/hr/preventing_employment_discrimination_training/

  Short Description: The preventing employment discrimination online training course helps us with our responsibility to prevent employment discrimination in all forms, while at the same time creating an environment that supports optimal productivity and engagement. Anyone employed full-time or part-time by the University of Missouri is to complete this training.

- “Not Anymore” — an online training for MU students, faculty and staff regarding sexual assault, dating and intimate partner violence, stalking, consent, health relationships, and safe bystander intervention strategies. Click here to learn more about the training. The Title IX Office and the RSVP Center are providing in-person follow-up trainings to students throughout campus.

- Green Dot Mizzou, a Bystander Intervention strategy--If any incident of violence is a red dot on our campus map, then anything anyone does to try to prevent violence is a green dot on that map. Our goal is simple: we want to see more green than red, ultimately dramatically decreasing the amount of violence that occurs in our community. Click here for a more in-depth introduction to Green Dot. Green Dot conferences, trainings, and programs are offered by the RSVP Center throughout the year.

**Sex Offender Registration – Campus Sex Crimes Prevention Act** [required, 668.46(b)(12)]

CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

At Risk Committee (Behavioral Intervention)

In order to extend our efforts on emergency preparedness and prevention, the University of Missouri has established an At Risk Committee. The objective of the committee is to put in place a structured process for evaluating potentially threatening situations that occur at MU. The multi-disciplinary team is comprised of members from around the University community. If you would like further information about the at Risk Committee please contact Vice Chancellor for Student Affairs Cathy Scroggs at (573) 882-6776.

In addition to the many programs offered by the University Police and other University offices, the University has established a number of policies and procedures related to ensuring a reasonably safe campus community. These policies include:

Weapons Policy

The possession, carrying and use of weapons, ammunition, or explosives is prohibited on University owned or controlled property.

The only exception to this policy is for authorized law enforcement officers or others, specifically authorized by the University. University Police provides storage facilities for the personal weapons of members of the University community.
Victim Rights

Your Rights as a Crime Victim:

As a victim of crime, you have rights. Also, you can expect to receive information, practical and emotional support, and be able to participate in the criminal justice process. These standards were created to make sure that you are treated with dignity and respect at all times, regardless of your race, color, national origin, ancestry, religion, sex, sexual orientation, gender identity, gender expression, age, genetic information, disability or protected veteran status.

You have the right to be told…

- About basic services available to you in your county
- About certain court events, including information on bail, escape of offender, release of an offender
- About the details of the final disposition of a case

You have the right to receive…

- Notice of the arrest of the offender
- Information about restitution and assistance with compensation
- Accompaniment to all criminal proceedings by a family member, a victim advocate or a support person

You have the right to provide input…

- Into the sentencing decision and to receive help in preparing an oral and/or written victim impact statement
- Into post sentencing decisions

* For information on victim's rights in Boone County call the Boone County Prosecutor's Office at 573-886-4100.
Student Conduct

The Office of Student Conduct

The mission of The Office of Student Conduct is to support the University’s educational mission and goals by promoting growth through individual responsibility and a positive university climate through behavioral standards, intervention efforts, educational endeavors, increased civility, training, informational programming and disciplinary processes, encouraging students to assume self and social responsibility, to learn conflict resolution skills, to enhance decision-making ability and to advance ethical values development. The services offered are developed to maintain a University environment that is conducive to academic success, protects the rights of all members of the University community, provides interventions for the resolution of conflict, and provides opportunities for individual growth and development.

The Student Code of Conduct

The Office of Student Conduct is responsible for administering the Code of Conduct for Students, which is articulates the behavioral standards and the equitable procedures employed by the University to respond to allegations of student misconduct.

The Office of Student Conduct at The University of Missouri- Columbia is responsible for upholding University disciplinary policies and procedures, both on- and off-campus, and with promoting individual student growth and development.

Every student at the University of Missouri-Columbia is expected to abide by all University of Missouri System rules and regulations and to uphold the Standard of Conduct for the University of Missouri- Columbia. The Standard of Conduct, found in the M-Book, outlines behaviors and actions for which students, if found responsible, can
be issued sanctions ranging from a warning to suspension and expulsion. The purpose of the Standard of Conduct is to maintain a safe campus community, one where students can learn and be successful. A student enrolling in the University also assumes an obligation to behave in a manner compatible with the University’s function as an educational institution. MU’s Academic Integrity Policy lists academic misconduct for which students are subject to sanctions, which may include suspension from the University.

Students who are found responsible for violations may be subject to sanctions ranging from Disciplinary Warning, Disciplinary Probation, up to Suspension or Expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract.

In most cases the Office of Student Conduct will also assign developmental and educational interventions designed to promote greater awareness and improved decision-making for students and to further deter future misconduct.

In instances where there is reasonable cause to believe a student is an immediate threat to the safety of himself/herself or other persons or property or is an immediate threat to disrupt essential campus operations, the Office of Student Conduct may assign an Interim Suspension and/or other actions, designed to protect the health and safety of the community and members therein.

The Office of Student Conduct is also responsible for conducting pre-admission, pre-enrollment, and re-enrollment reviews for prospective students with known behavioral problems.

Any individual or entity may submit reports alleging student misconduct to the Office of Student Conduct or designee at the campus where the incident occurred.
The Office of Student Conduct also provides outreach programming designed to inform and educate students and to promote University principles. Please visit the Student Conduct homepage at http://conduct.missouri.edu/ where you may find the Student Code of Conduct, Parental Notification Policy, Student Records Policy and links to all policy and procedural guidelines related to the Student Conduct process.

Additional Information Regarding the Student Code of Conduct

MU provides all students with the University regulations, policies, and procedures governing student conduct. Policies and procedures, including the Code of Conduct for Students and the Off-Campus Misconduct Policy are published on the Student Conduct website http://conduct.missouri.edu/

If you have additional questions, special needs, or wish to request a hard copy of this information, please contact the Office of Student Conduct at (573) 882-5543.

This Mbook, as well as university regulations and policies and procedures governing student conduct, is available on the web at http://conduct.missouri.edu/.

Parental Notification Policy

Students who are under the age of 21, unmarried, and financially dependent on their parent(s) may be subject to the Parental Notification exception to FERPA if they are found in violation of the Student Conduct Code as it relates to alcohol and drugs. This exception states that it is the belief of the University that students benefit from discussions with their parent(s) or legal guardian(s) about the effects of alcohol or use of controlled substances including the effect of the use of alcohol or controlled substances on their educational experience.
Missing Student Notification Policy

The Clery Act requires institutions that maintain on campus housing facilities to establish a missing student notification policy and related procedures (20 USC 1092 (j) Section 488 of the Higher Education Opportunity Act of 2008).

When it is determined that a residential student is missing from the University, Residential Staff, in collaboration with local law enforcement, will be guided by this Missing Student Notification Policy and related procedures.

Reporting of individuals suspected or confirmed to be missing that are residing in on campus residential facilities should immediately notify the Residence Hall Coordinator (RHC) or the University Student Apartments (USA) Office Manager for the facility where the individual is currently a resident. In the event the applicable RHC or USA Office Manager cannot be reached immediately the Duty RHC should be contacted. In cases where it is brought to the attention of any other employee of the Department of Residential Life the employee should ensure that the information is provided immediately to the appropriate RHC or the USA Office Manager. It is preferred that the concerned individual will be able to talk directly to the RHC or USA Office Manager.

The Residence Hall Coordinator or Area Coordinator should gather as much information as possible from the concerned individual(s) in order to appropriately initiate next steps to respond to the situation. Information that should be gathered if available includes:

- Details of why the person suspects or knows the individual is missing (may include changes to behavior, state of mind, known plans)
- The last place and time the individual was seen and by whom
• Contact information for the individual suspected to be missing (cell and other phone numbers, e-mail addresses, social networking names)
• Contact information for friends who may know of their location
• Contact information for the concerned individual(s) so they can be reached with additional questions or follow-up information

In the event that any of the information collected from the reporting party indicates a likelihood of high risk or foul play the University of Missouri Police Department (MUPD) should be contacted immediately so they may initiate their investigation. It is preferred that the concerned individual will be able to talk directly to a University Police Officer.

The Residence Hall Coordinator or Area Coordinator should inform their supervisor that there is a resident who may be missing and the currently known information. They will also keep their supervisor informed as additional information becomes available.

**Designation of contact for missing students**

When a student checks into their Residential Life assignment they will have the opportunity to specify an individual other than their emergency contact that should be contacted in the event that the student is confirmed as missing. If a student does not specify someone, then the emergency contact will be considered the contact for the purposes of these procedures. Students will also be informed that if they are younger than 18 years old (and not emancipated) when they are determined to be missing the University will, within 24 hours, contact their custodial parent or guardian in addition to the contact designated for situations where they are determined to be missing. A
student’s confidential contact information will be accessible only by authorized campus officials and law enforcement as appropriate.

**Daily Crime and Fire Log**

The University of Missouri Police Department maintains a written, easily understood Daily Crime Log (Public Crime Log) that records, by the date the crime was reported, any crime that occurred on campus, on a non-campus building or property, on public property, or within the established jurisdiction of the campus and was reported to the department where an official police report was taken. This log includes: the nature, date, time, and general location of each crime, and the disposition of the complaint, if known. This log will not include reports made to other agencies. It shall be the duty of Record’s or Communications personnel to prepare this report in a timely manner so the community and media have access to the information.

The University of Missouri Police Department also works with Campus Security Authorities and the local Fire Department to maintain a written, easily understood, fire log that records any fire that occurs in an on-campus student housing facility. At a minimum the log records the date the fire was reported, the nature/date/time of the fire, and the general location of the fire.

The most current 60 days of information is available in the lobby of the University of Missouri Police Department located at 901 Virginia Ave. Columbia, MO 65211. Upon request a copy of any maintained Daily Crime and Fire Log will be made available for viewing, within 48 hours of notice.

**Crime Prevention and Safety Awareness Programs**

In an effort to promote safety awareness, the University Police maintains a strong working relationship with the community. This relationship includes offering a variety of safety and security programs and services and crime prevention programming. If you or your organization would like to request a specific program, please contact the MU
Crime Prevention Officer, at (573) 884-7809. Below are some of the programs and services available:

The Wellness Resource Center (WRC) uses a comprehensive, campus wide, year-long wellness approach that begins during summer orientation and continues every month throughout the year. Each year, over 200 student programs are delivered in a wide variety of locations including academic classrooms and residence halls. The WRC plans on-going activities and events that support wellness as it relates to issues such as alcohol, tobacco and other drug use, nutrition and fitness, stress and mental health and
other wellness issues. Further program information can be found at the Wellness Resource Center web page: [http://wellness.missouri.edu/#](http://wellness.missouri.edu/#)

**UNIVERSITY POLICIES GOVERNING ALCOHOL AND OTHER DRUG**

**University Alcohol and Drug Policy**

Federal law requires MU to notify annually all faculty, staff, and students of the following:

Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988, the University of Missouri is required to establish a drug and alcohol prevention program for its students and employees. Below is a description of the University of Missouri’s program. A biennial review of this program will be done to determine its effectiveness, to implement changes to the program if they are needed, and to ensure that the University’s disciplinary sanctions described within are consistently enforced.

Each employee engaging in the performance of work supported by a federal grant or contract, as a condition of employment, must notify the University of any Criminal Drug Statue Conviction for a violation occurring in the workplace no later than five days after each conviction. The University must notify the contracting party within 10 days after receiving notice from the employee or otherwise receiving actual notice of such conviction.

University of Missouri regulations prohibit the unlawful possession, use, distribution and sale of alcohol and illicit drugs by University students and employees on University-owned or controlled property and at University-sponsored or supervised activities. For more information please see the Mbook [http://mbook.missouri.edu/drug-free-school-work-place-notice/](http://mbook.missouri.edu/drug-free-school-work-place-notice/).
Violation of these University of Missouri regulations can result in disciplinary action up to and including expulsion for students and discharge for employees.

**Residential Life Alcohol Policy**

**Alcohol Policy**

Students and their guests are not permitted to consume, manufacture, use, possess, sell or distribute alcohol in or on the premises of University-owned or -operated residential or dining locations (including common areas, such as the Tiger Reserve pool), regardless of their age. Public intoxication, disorderly conduct or vandalism due to alcohol use is not permitted on University-owned or -operated property. Possession of alcohol paraphernalia (items used for the storage or consumption of alcoholic substances), including decorated or decorative alcohol containers of any kind (except for those specifically listed below), is prohibited in the residence halls. Examples include, but are not limited to, wine bottles, beer-pong tables and beer bongs. Shot glasses, champagne flutes and flasks may be used only for decorative purposes; however, they will be confiscated along with any other items, regardless of these items’ original purposes, if used for the storage or consumption of alcohol. Residents who violate any of the above policies will be subject to conduct action. Residence hall staff will confiscate and dispose of any alcohol and/or alcohol paraphernalia found in the possession of residents or their guests. If you are present in a room where one of these policies is being violated, you will be subject to conduct action, regardless of your participation. Residents found responsible for violating the alcohol policy and sanctioned to attend alcohol education experiences will be responsible for the associated costs.
Rationale: The University supports and complies with the laws of the State of Missouri, which prohibit underage possession or consumption of alcohol. Possession and consumption are never permitted by anyone under the age of 21. Alcohol abuse has been clearly shown to have a detrimental effect on student academic success and is inconsistent with the University’s academic mission. For information, see "Parental Notification Policy" under the Student Conduct Process section.

**Illegal Substances (Drugs)**

Drugs, Paraphernalia and Controlled Substances

The consumption, manufacture, use, possession, sale or distribution of any controlled substance in or on the premises of any Residential Life-owned or -operated facility or dining location is prohibited without proper prescription, required license or as expressly permitted by law or University regulations. Any possession of drug paraphernalia is not permitted.

A staff member’s confirmation of the aroma of marijuana will be considered evidence in conduct cases involving the alleged violation of this policy.

Rationale: This policy is in compliance with state and federal laws and is intended to preserve the safety and well-being of all residents. Use of illegal drugs has been clearly shown to have a detrimental effect on students’ academic success and is inconsistent with the academic mission of the University. For information on parental notification of policy violations, see "Parental Notification Policy."

**Policies Specific to Faculty and Staff**

Federal law requires that the University have a policy on drug and alcohol abuse in the workplace which meets certain statutory requirements. The federal law also mandates that the University have a drug and alcohol free awareness program. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is
prohibited on all University-owned or controlled property and at University sponsored or supervised activities. The unlawful possession, use and/or distribution of alcohol is also prohibited on all University-owned or controlled property and at University sponsored or supervised activities. Violations of this policy may result in discharge or other discipline in accordance with University policies and procedures covering the conduct of faculty, staff and students. The University has an obligation to provide a healthy and safe environment for all students, employees and visitors to its campuses.

**Resources**

Consistent with this concern, the University offers resources to employees and students: education and information about the dangers of drug and alcohol abuse in the workplace; programs which address unlawful controlled substance and alcohol use, including personnel actions that may result from such violations; and self referrals as well as supervisory referrals to drug and alcohol counseling and rehabilitation programs available through the University's Employee Assistance Program and/or community agencies. Such referrals will respect individual confidentiality.

**Employee's Obligations**

Each employee engaged in the performance of work supported by a federal grant or contract, as a condition of employment, must abide by the terms of the policy and must notify the University of any Criminal Drug Statute Conviction for a violation occurring in the workplace no later than five (5) days after such conviction.

**University Obligations**

The University must notify the contracting agency within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of such conviction. [HR-508 Drug/Alcohol Abuse in the Workplace](#)
Missouri’s Alcohol Law

311.325. 1. Any person under the age of twenty-one years, who purchases or attempts to purchase, or has in his or her possession, any intoxicating liquor as defined in section 311.020 or who is visibly in an intoxicated condition as defined in section 577.001, or has a detectable blood alcohol content of more than two-hundredths of one percent or more by weight of alcohol in such person’s blood is guilty of a misdemeanor. A first violation of this section shall be punishable as a class D misdemeanor. A second or subsequent violation of this section shall be punishable as a class A misdemeanor. Prior findings of guilt shall be pleaded and proven in the same manner as required by section 558.021. For purposes of prosecution under this section or any other provision of this chapter involving an alleged illegal sale or transfer of intoxicating liquor to a person under twenty-one years of age, a manufacturer-sealed container describing that there is intoxicating liquor therein need not be opened or the contents therein tested to verify that there is intoxicating liquor in such container. The alleged violator may allege that there was not intoxicating liquor in such container, but the burden of proof of such allegation is on such person, as it shall be presumed that such a sealed container describing that there is intoxicating liquor therein contains intoxicating liquor.

2. For purposes of determining violations of any provision of this chapter, or of any rule or regulation of the supervisor of alcohol and tobacco control, a manufacturer-sealed container describing that there is intoxicating liquor therein need not be opened or the contents therein tested to verify that there is intoxicating liquor in such container. The alleged violator may allege that there was not intoxicating liquor in such container, but the burden of proof of such allegation is on such person, as it shall be presumed that such a sealed container describing that there is intoxicating liquor therein contains intoxicating liquor.
3. Any person under the age of twenty-one years who purchases or attempts to purchase, or has in his or her possession, any intoxicating liquor, or who is visibly in an intoxicated condition as defined in section 577.001, shall be deemed to have given consent to a chemical test or tests of the person’s breath, blood, saliva, or urine for the purpose of determining the alcohol or drug content of the person’s blood. The implied consent to submit to the chemical tests listed in this subsection shall be limited to not more than two such tests arising from the same arrest, incident, or charge. Chemical analysis of the person’s breath, blood, saliva, or urine shall be performed according to methods approved by the state department of health and senior services by licensed medical personnel or by a person possessing a valid permit issued by the state department of health and senior services for this purpose. The state department of health and senior services shall approve satisfactory techniques, devices, equipment, or methods to be considered valid and shall establish standards to ascertain the qualifications and competence of individuals to conduct analyses and to issue permits which shall be subject to termination or revocation by the state department of health and senior services. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person at the choosing and expense of the person to be tested, administer a test in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test taken at the direction of a law enforcement officer. Upon the request of the person who is tested, full information concerning the test shall be made available to such person. Full information is limited to the following:

(1) The type of test administered and the procedures followed;
(2) The time of the collection of the blood or breath sample or urine analyzed;

(3) The numerical results of the test indicating the alcohol content of the blood and breath and urine;

(4) The type and status of any permit which was held by the person who performed the test;

(5) If the test was administered by means of a breath-testing instrument, the date of performance of the most recent required maintenance of such instrument.

Full information does not include manuals, schematics, or software of the instrument used to test the person or any other material that is not in the actual possession of the state. Additionally, full information does not include information in the possession of the manufacturer of the test instrument.

4. The provisions of this section shall not apply to a student who:

(1) Is eighteen years of age or older;

(2) Is enrolled in an accredited college or university and is a student in a culinary course;

(3) Is required to taste, but not consume or imbibe, any beer, ale, porter, wine, or other similar malt or fermented beverage as part of the required curriculum; and
(4) Tastes a beverage under subdivision (3) of this subsection only for instructional purposes during classes that are part of the curriculum of the accredited college or university. The beverage must at all times remain in the possession and control of an authorized instructor of the college or university, who must be twenty-one years of age or older. Nothing in this subsection may be construed to allow a student under the age of twenty-one to receive any beer, ale, porter, wine, or other similar malt or fermented beverage unless the beverage is delivered as part of the student's required curriculum and the beverage is used only for instructional purposes during classes conducted as part of the curriculum.

**Carrying False I.D.**

311.320. 1. Any person of the age of seventeen years and under the age of twenty-one years who shall represent that he has attained the age of twenty-one years for the purpose of purchasing, asking for or in any way receiving any intoxicating liquor, except in cases authorized by law, shall upon conviction be deemed guilty of a misdemeanor. Any person under the age of seventeen years who shall represent that he has attained the age of twenty-one years for the purpose of purchasing, asking for or in any way receiving any intoxicating liquor, except in cases authorized by law, may be considered a delinquent child and may be dealt with in accordance with the provisions of chapter 211.

2. In addition to any other penalties established in subsection 1 of this section and established in sections 577.500 to 577.530, any person who is less than twenty-one years of age who uses a reproduced, modified or altered chauffeur's license, motor vehicle operator's license, identification card issued by any uniformed service of the United States, passport or identification card established in section 302.181 for the purpose of purchasing, asking for or in any way receiving any intoxicating liquor, shall be guilty of a misdemeanor and shall be subject to a fine of five hundred dollars for each separate offense.

1. A person commits the offense of driving while intoxicated if he or she operates a vehicle while in an intoxicated condition.

2. The offense of driving while intoxicated is:

   (1) A class B misdemeanor;

   (2) A class A misdemeanor if:

      (a) The defendant is a prior offender; or

      (b) A person less than seventeen years of age is present in the vehicle;

   (3) A class E felony if:

      (a) The defendant is a persistent offender; or

      (b) While driving while intoxicated, the defendant acts with criminal negligence to cause physical injury to another person;

   (4) A class D felony if:

      (a) The defendant is an aggravated offender;

      (b) While driving while intoxicated, the defendant acts with criminal negligence to cause physical injury to a law enforcement officer or emergency personnel; or

      (c) While driving while intoxicated, the defendant acts with criminal negligence to cause serious physical injury to another person;

   (5) A class C felony if:
(a) The defendant is a chronic offender;

(b) While driving while intoxicated, the defendant acts with criminal negligence to cause serious physical injury to a law enforcement officer or emergency personnel; or

(c) While driving while intoxicated, the defendant acts with criminal negligence to cause the death of another person;

(6) A class B felony if:

(a) The defendant is a habitual offender; or

(b) While driving while intoxicated, the defendant acts with criminal negligence to cause the death of a law enforcement officer or emergency personnel;

(7) A class A felony if the defendant is a habitual offender as a result of being found guilty of an act described under paragraph (d) of subdivision (10) of section 577.001 and is found guilty of a subsequent violation of such paragraph.

3. Notwithstanding the provisions of subsection 2 of this section, a person found guilty of the offense of driving while intoxicated as a first offense shall not be granted a suspended imposition of sentence:

(1) Unless such person shall be placed on probation for a minimum of two years; or

(2) In a circuit where a DWI court or docket created under section 478.007 or other court-ordered treatment program is available, and where the offense was committed with fifteen-hundredths of one percent or more by weight of alcohol in such person's blood, unless the individual participates and successfully completes a program under such DWI court or docket or other court-ordered treatment program.

4. If a person is not granted a suspended imposition of sentence for the reasons described in subsection 3 of this section:
(1) If the individual operated the vehicle with fifteen-hundredths to twenty-hundredths of one percent by weight of alcohol in such person's blood, the required term of imprisonment shall be not less than forty-eight hours;

(2) If the individual operated the vehicle with greater than twenty-hundredths of one percent by weight of alcohol in such person's blood, the required term of imprisonment shall be not less than five days.

5. A person found guilty of the offense of driving while intoxicated:

(1) As a prior offender, persistent offender, aggravated offender, chronic offender, or habitual offender shall not be granted a suspended imposition of sentence or be sentenced to pay a fine in lieu of a term of imprisonment, section 557.011 to the contrary notwithstanding;

(2) As a prior offender shall not be granted parole or probation until he or she has served a minimum of ten days imprisonment:

(a) Unless as a condition of such parole or probation such person performs at least thirty days of community service under the supervision of the court in those jurisdictions which have a recognized program for community service; or

(b) The offender participates in and successfully completes a program established under section 478.007 or other court-ordered treatment program, if available, and as part of either program, the offender performs at least thirty days of community service under the supervision of the court;

(3) As a persistent offender shall not be eligible for parole or probation until he or she has served a minimum of thirty days imprisonment:

(a) Unless as a condition of such parole or probation such person performs at least sixty days of community service under the supervision of the court in those jurisdictions which have a recognized program for community service; or
(b) The offender participates in and successfully completes a program established under section 478.007 or other court-ordered treatment program, if available, and as part of either program, the offender performs at least sixty days of community service under the supervision of the court;

(4) As an aggravated offender shall not be eligible for parole or probation until he or she has served a minimum of sixty days imprisonment;

(5) As a chronic offender shall not be eligible for parole or probation until he or she has served a minimum of two years imprisonment. *Refusing a Chemical Test*

Any person who drives a motor vehicle automatically gives consent to one or more chemical test (e.g. breath, blood, or urine). This implied consent means that a person doesn’t have the right to an attorney before testing. If a person refuses to submit to a chemical test: 1) the test will not be done; 2) the person’s license will be suspended for one year; 3) the person will most likely be charged with DUI.

**Related Offenses**

**Possession of Marijuana**

195.202. 1. Except as authorized by sections 195.005 to 195.425*, it is unlawful for any person to possess or have under his control a controlled substance.

2. Any person who violates this section with respect to any controlled substance except thirty-five grams or less of marijuana or any synthetic cannabinoid is guilty of a class C felony.

ANNUAL DISCLOSURE OF CRIME STATISTICS

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. The University Police maintains a close relationship with all police departments where MU owns or control property ensure that crimes reported directly to these police departments that involve the University are brought to the attention of the University Police.

The University Police collects the crime statistics disclosed in the charts through a number of methods. Police communications and officers enter all reports of crime incidents made directly to the department through an integrated computer aided-dispatch systems/records management system. After an officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The Department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime data that the University Police maintains, the statistics below also include crimes that are reported to various campus security authorities, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub categories on liquor laws, drug laws and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

Definitions of Reportable Crimes

The following pages contain crime statistics from the past three years. The following definitions were used in determining these crime statistics. These statistics only slightly differ from UCR crime statistics reported by the University Police Department.
These numbers reflect crimes reported to the University Police Department and numbers reported to the University Police Department by Local Law Enforcement (City of Columbia & Boone County) and campus security authorities (Student Life, Residential Life, the Athletic Department & all other campus groups.) Numbers in this report have been reviewed to reduce or eliminate any possibility of duplication.

Crimes are recorded in the calendar year they were reported. This report does not use a map to depict its campus, non-campus buildings or property, and public property areas.

**Arson:** Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Criminal Homicide:** Manslaughter by Negligence: The killing of another person through gross negligence. Murder and Non-negligent Manslaughter: The willful (non-negligent) killing of one human being by another.

**Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed.)

**Burglary:** The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking;
safecracking; and all attempts to commit any of the aforementioned.

**Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned; including joyriding.)

**Weapon Law Violations:** The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned.

**Drug Abuse Violations:** Violations of State and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

**Liquor Law Violations:** The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.)

**Sex Offense Reporting:** Sexual Assault is considered a sexual offense or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation’s Crime Reporting program.

**Sex Offenses** – Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
A. **Rape** – The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Further definition effective 01/01/13 from FBI UCR:
Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This definition includes any gender of victim or perpetrator. Sexual penetration means the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

B. **Sodomy** – Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

C. **Sexual Assault With An Object** – The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

D. **Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
Sex Offenses--Non-Forcible: Unlawful, non-forcible sexual intercourse.

A. Incest-Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
B. Statutory Rape-Non-Forcible sexual intercourse with a person who is under the statutory age of consent

Clery Act Hate Crime Definitions:
The law requires the release of statistics by category of prejudice concerning the occurrence of hate crimes in the crime classifications listed in the preceding section and for other crimes involving bodily injury to any person in which the victim is selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity, National Origin, Gender Identity or disability of the victim.

In August of 2008 HEOA S 488, 20 U.S.C. S 1092 (f ) (1) F (ii) modified the above hate crimes to include the following additional crimes under the hate crime category:

Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Note: Constructive possession is defined by Black’s Law Dictionary, 6th ed. as “where one does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.”)

- **Pocket-picking:** The theft of articles from another person’s physical possession by stealth where the victim usually does not become immediately aware of the theft.
- **Purse-snatching:** The grabbing or snatching of a purse, handbag, etc., from the physical possession of another person.
- **Shoplifting:** The theft, by someone other than an employee of the victim, of goods or merchandise exposed for sale.
- **Theft From Building:** A theft from within a building which is either open to the general public or where the offender has legal access.
• **Theft From Coin Operated Machine or Device**: A theft from a machine or device which is operated or activated by the use of coins.

• **Theft From Motor Vehicle (Except "Theft of Motor Vehicle Parts or Accessories")**: The theft of articles from a motor vehicle, whether locked or unlocked.

• **Theft of Motor Vehicle Parts or Accessories**: The theft of any part or accessory affixed to the interior or exterior of a motor vehicle in a manner which would make the item an attachment of the vehicle, or necessary for its operation.

• **All Other Larceny**: All thefts which do not fit any of the definitions of the specific subcategories of Larceny/Theft listed above.

**Simple Assault**: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

**Intimidation**: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

**Destruction/Damage/Vandalism of Property (Except "Arson")**: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.
Domestic Violence: The term “domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction. This would include the following categories:

- Incidents between persons who are spouses
- Incidents between persons who are former spouses
- Incidents between persons who have a child in common regardless of whether or not they have been married or have resided together in the past
- Incidents between persons (of any age) related by blood
- Incidents between persons (of any age) related by marriage, excluding spouses
- Incidents between persons, not married, but presently residing together
- Incidents between persons, not married, but who have resided together in the past
- Incidents between persons who are or have been in a continuing social relationship of a romantic or intimate nature

Dating Violence: The term “dating violence” means violence committed by a person—(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors:(i) The length of the relationship; (ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.

Stalking: The term “stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—(A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress. This would include the following as taking from Missouri Revised Statutes 565.225:

As used in this section, the following terms shall mean:

(1) "Course of conduct", a pattern of conduct composed of two or more acts, which may include communication by any means, over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of course of conduct. Such constitutionally protected activity includes picketing or other organized protests;
(2) "Credible threat", a threat communicated with the intent to cause the person who is
the target of the threat to reasonably fear for his or her safety, or the safety of his or
her family, or household members or domestic animals or livestock as defined in
section 276.606 kept at such person's residence or on such person's property. The
threat must be against the life of, or a threat to cause physical injury to, or the
kidnapping of, the person, the person's family, or the person's household members or
domestic animals or livestock as defined in section 276.606 kept at such person's
residence or on such person's property;
(3) "Harasses", to engage in a course of conduct directed at a specific person that
serves no legitimate purpose that would cause a reasonable person under the
circumstances to be frightened, intimidated, or emotionally distressed.
2. A person commits the crime of stalking if he or she purposely, through his or her
course of conduct, harasses or follows with the intent of harassing another person.
3. A person commits the crime of aggravated stalking if he or she purposely, through
his or her course of conduct, harasses or follows with the intent of harassing another
person, and:
   (1) Makes a credible threat; or
   (2) At least one of the acts constituting the course of conduct is in violation of an order
       of protection and the person has received actual notice of such order; or
   (3) At least one of the actions constituting the course of conduct is in violation of a
condition of probation, parole, pretrial release, or release on bond pending appeal; or
   (4) At any time during the course of conduct, the other person is seventeen years of
age or younger and the person harassing the other person is twenty-one years of age
or older; or
   (5) He or she has previously pleaded guilty to or been found guilty of domestic assault,
violation of an order of protection, or any other crime where the other person was the
victim.

In year 2012 there was one hate crime reported that occurred at an on campus building with the criminal offense of Intimidation with a bias of Race.

UNFOUNDED REPORTS:
In year 2014 there were 4 unfounded cases.

ANNUAL FIRE SAFETY REPORT
The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for MU.

Residential Life Policies
The full text of Residential Life policies as well as other important information is available in the Tiger Guide at http://reslife.missouri.edu/tiger-guide.

In the residence halls residents’ use or possession of appliances and electronics is restricted by the type, size and number permitted. It is recommended that surge strips/protectors with a 15-amp circuit breaker and safety reset switch are used for appliances and electronics. Permitted appliances and electronics include one compact (4.5 cubic feet or smaller) refrigerator in each bedroom, one microwave (under 1000 watts) in each bedroom, halogen lamps (bulbs of 300 watts or less and protective wire
or glass cover) toasters, coffee makers, hot pots, rice steamers and air popcorn poppers. Items that are not permitted include any items with exposed flames or embers, exposed heating elements or present other fire hazards. These prohibited items include but are not limited to space heaters, toaster ovens and George Foreman grills. In the University Student Apartments and some other University operated apartments additional appliances are permitted (please consult the Tiger Guide for additional information).

Smoking, the possession of candles (with or without wicks), incense, oil lamps or other items with the capability of an open flame or burning ember are not permitted in any Residential Life owned or operated residence hall or apartment. Smoking is not permitted on the University of Missouri campus. The use, possession, display or ignition of fireworks or any type of explosive device is prohibited on University property.

Tampering with or theft of fire safety equipment, including tampering with or discharging fire extinguishers, disabling bells/horns, activating a fire alarm when no emergency exists or covering or removing the batteries from individual smoke detectors, removing the entire smoke detector apparatus, or tampering with, hanging objects from, or decorating sprinkler heads in rooms of halls that are thus equipped are prohibited.

Violation of policies that involve fire safety is taken very seriously and typically results in termination of the Residential Life contract.

**Fire Drills**
Fire drills are conducted in residence halls, Tiger Reserve and Manor House apartments near the beginning of each semester to provide residents the opportunity to become familiar with the notification system as well as the evacuation procedures. During the drill and any other time that the fire alarm sounds residents should calmly evacuate the building and follow the instructions of staff and emergency personnel. Failure to vacate or in any other way interfere with the emergency response process will be considered a violation of Residential Life policy and handled accordingly.

Students who require any type of accommodation to ensure their safe evacuation should contact the Residence Hall Coordinator immediately upon moving into the facility so that the appropriate arrangements can be made.

**Fire Safety Equipment**

All Residential Life facilities are equipped with notification systems that can be initiated by the presence of smoke, heat or via a manual pull station. The initiation of the alarm notifies residents audibly and visually. With the exception of the Tara and University Heights complexes any initiation of the fire alarm notifies an off-site response center that dispatches emergency responders to the location. During the 2014-2015 academic year eighty-five percent (85%) of the Residential Life owned residence halls are equipped with sprinkler systems. For the 2015-2016 academic year ninety-one percent (91%) of the Residential Life owned residence halls are equipped with sprinkler systems and all facilities will be equipped by 2020. All Residential Life facilities have fire extinguishers in compliance with the applicable code.

**Fire Safety Education and Training Programs for Students, Faculty and Staff**
Everyone at MU is responsible for fire safety. EHS works closely with the Columbia Fire Department, Campus Facilities and campus departments to provide comprehensive fire prevention services to campus. These services include: building inspections, maintenance of fire suppression systems, fire extinguisher training, and promotional activities such as "Fire Factor."

Contact EHS if you have any questions or desire consultative assistance about fire safety, the use of open flames and other fire related issues [https://ehs.missouri.edu/fire/](https://ehs.missouri.edu/fire/)

**Plans for Future Improvements in Fire Safety**

MU continues to monitor trends related to residence hall fire incidents and alarms to provide a fire safe living environment for all students. New programs and policies are developed as needed to help insure the safety of all students, faculty and staff.

CRIME PREVENTION TIPS

While the MU campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics, other common crimes that occur on campus are outlined below:

Theft

Theft is a common occurrence on college campuses. Oftentimes this is due to the fact theft is a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim of theft:

- Keep doors to residence halls, labs, classrooms locked when not occupied
- Don’t provide access to unauthorized persons in the buildings or classrooms
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, checkbooks in a lock box or locked drawer
- Keep a list of all valuable possessions including the makes, models, and serial numbers
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks
- Don’t leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time
- Don’t lend credit cards or identification cards to anyone

- Report loitering persons or suspicious persons to police immediately; don’t take any chances

**Identity Theft**

Identity theft is a crime in which someone wrongfully obtains and uses another person’s personal information in some ways that involve fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account or credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.

There are measures you can take to prevent this from happening to you:

- Do not give anyone your personal information unless there is a reason to trust them and the release is for good reason.

- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.

- Complete a credit check frequently to assure there is no suspicious activity.

- Examine financial information often to assure all transactions are authorized and accounted for.

- Enable security software and firewall protection on computers and routers.
