MU Police to conduct saturation patrol for Cinco de Mayo weekend

In our ongoing effort to keep the campus community safe, the University of Missouri Police Department will have additional officers on foot, bike and vehicles this Cinco de Mayo weekend, patrolling campus and the public roadways between 9 p.m. Saturday, May 5 and 3 a.m. Sunday May 6.

Individuals who choose to go out and drink alcohol are encouraged to have a sober individual with them to ensure they get home safely.

Information about the saturation will be available on Monday.
